LOCAL NEWS

The Ladies Aid will hold a sale of home cooking in the Hardware Store Saturday September 16th. donations of cooking or home made candy, acceptable. Proceeds to go towards the flower fund.

Last Sunday, it was as it were, a ray of sunshine bursting upon the town.

Alfie and his broad smile were back again after a "vacation," as he called it.

Alfie reports (a) an interesting, (b) a pleasant, and (c) an exciting time.

(a) Interesting; to wit, an extensive motor-trip through the country, affording an opportunity of inspecting the crops. (b) Pleasant; left to the readers power of imagination. (c) Exciting; closely allied with (b). Here is one episode. Struck a small burg much boosted by one of our residents, (name given on application at the office) Found the Prohibition Laws apparently in abeyance. Suspected by a policeman quite unjustly of bootlegging, left hurriedly in a cloud of dust, speedometer registering 45 m. p. h.

After his travels, Alfie is glad to be back in town.

For Carbon, while she's not the first Is still a long way from the worst.

Mr G. D. Munro of Culbert B.C. who purchased the Community Billiard Hall will arrive in Carbon today.

WONDERS WILL NEVER CEASE

Tuesday morning Mr L. Jacobson went down to build a fire in his furnace, and what do you think he found? One bottle of good old Rye Whiskey. He wishes to thank the unknown party who was thoughtful enough to make this welcome present. Let's all look in our furnaces. Eh! What?

Miss Antoinette Fortier of Calgary is visiting Mrs S. F. Torrance.

Mr Kehoe of Trochu was a Carbon visitor this week.

Mr Alex Goulet of Trochu was also a Carbon visitor this week.

Mr W. Thorburn returned to Calgary on Monday and was accompanied by his brother Harry Thorburn.

Mr F. Parmenter of Canso, Nova Scotia has taken the position as Ledger keeper in the Bank of Montreal.

Mr Tom McCubbin is a Calgary visitor this week.

Mr Thorburn, Mr McCubbin and Mr Gardner caught three young coyotes last week.

A number of Carbon golfers visited Drumheller Sunday last, but were not very successful. Mr Jealous being the only one that came near winning, managing to tie his opponent.

Among the visitors were: H. Jealous, L. Poxon, J. Poxon, J. Greenan, H. Bruels, J. McDonald, R. Boyle, J. Letourneau, Mr and Mrs Ramsey, Miss Ramsey, Miss Kettleton, Miss Koester, Geo. McNeil, Mr and Mrs Jas. McLeod, Mr and Mrs Malton, Mr and Mrs Francis, and Mr Sanderson.

There are more than 150 brands of baking powder in Canada; and the fact that there is more **MAGIC BAKING POWDER** used than all the other brands combined shows why Magic Baking Powder is known as Canada's best baking powder.

Made in Canada

CONTAINS NO ALUM

Man's Greatest Asset

The universal membership enrolment campaign recently conducted by the Red Cross Society throughout Canada had for its object the arousing of the people to the vital need of greater personal interest in the matter of health. It was not a campaign to raise money, but a Dominion-wide and well organized effort to secure an active and intelligent public interest in measures for the prevention of disease, it being realized that an ounce of prevention is worth many pounds of cure. The average man, woman and child gives little heed to their physical well-being until they are afflicted with some ailment, and then there is a hurry-up call for a doctor.

That there is need for a great awakening on the part of the public in regard to matters of personal hygiene and public health was demonstrated by the enforced medical examination of men for military services during the war years, but, startling as were the disclosures from those examinations, even more staggering are some recent figures and opinion contained in an article in The Journal of Health and Sanitation, written by Dr. J. H. Kellogg, superintendent of the famous Battle Creek Sanitarium.

Races of men have sometimes died out and utterly disappeared and Dr. Kellogg is of the opinion that this may happen to the whole human family if we continue to live under what he considers present unnatural conditions. Man, says Dr. Kellogg, is a very old-fashioned animal trying to live in a new-fangled way, in a manner that no animal ever before adventured, and so unnatural and so ill-adapted to his constitution and his requirements as to render his ultimate undoing inevitable. Man is by nature an open-air dweller. But the business and professional men, incarcerated behind the doors of their offices, with their assistants, die years before their time, and, on the average, twenty years sooner than the farmer whose vacation keeps him in the open.

Present-day habits and methods of living are held accountable for the physical deterioration of the race, and for the prevalence of diseases which are carrying off people by the million. According to Dr. Kellogg, the United States loses from its population of 100,000,000 by death 1,500,000 people every year, while 3,000,000 people are sick all the time. In other words, one-fifth of the population are inefficient or lost. He estimates that an average of seven days are lost from labor by sickness every year. Tuberculosis is gaining ground, and kills one out of every ten of the population. Cancer kills one in twenty. Other maladies are rapidly gaining ground. In England and Wales the insane are increasing twice as fast as the sane, and in France ten times as fast. Coupled with these alarming symptoms, there is the serious fact that the birth rate in nearly all civilized countries is rapidly declining.

Dr. MacNeill, superintendent of the Mental Hospital at Battleford, Sask., made the statement recently in a public address at Regina that at the present rate of increase of mentally deficient people there would not be enough mentally efficient people to look after them fifty years hence.

In support of his contention that present habits and methods of living are responsible for existing conditions, Dr. Kellogg draws attention to one of the interesting lessons from the war, namely, the notable lowering of the death rate in several countries. In Denmark the death rate fell 35 per cent., due in the opinion of Dr. Hindhede, the Danish food controller, to simpler habits of living, and especially the low-protein diet and the use of coarse bread. In Germany, too, diabetes has practically disappeared from the same cause, and gout, formerly very common, is now unknown.

Good health is the greatest asset any person can possess. Wealth is of little value to a man if he does not possess good health so that he may enjoy it. Without health no one can get much pleasure out of life. Lacking health no person can be wholly efficient. Ill-health is waste. Yet the best medical experts agree that, by taking proper precautions there is little reason for sickness, and that many diseases which now number their victims by the millions could be readily stamped out.

Health studies and health conditions must be given first place and foremost attention in our public schools. People must be made to understand that soundness of body is fundamentally essential in business, art, literature, politics and religion, as well as in warfare, sports and industry. By creating an enthusiasm for health promotion and physical perfection a long step forward will be taken towards the realization of that better state for all people towards which the world is blindly groping. A popular, nationwide Crusade for Good Health is imperative. Governments can do much, but the main essential is an aroused and active interest on the part of every individual citizen. The promotion of health is the only real, lasting and basic national policy for any country.

Friend or Foe?

Many people find that tea and coffee are foes to their health, but that **Instant Postum** is a friendly table drink.

This pure cereal beverage is rich in aroma and flavor—fully satisfying—and contains no element of harm for nerves or digestion.

"There's a Reason" for POSTUM

Japs Plan To Raft Timber From B. C.

Think Davis Structure Will Stand Trans-Pacific Passage

A Japanese firm proposes to make another attempt to raft timber from British Columbia to Japan. They believe that the Davis raft structure, of which the outside rows of logs are laced with cable, can be made to stand the trans-Pacific passage. The first raft will leave this coast about August. It will have a super-structure of piled logs, strongly laced. Hitherto rafted logs have not withstood long sea journeys, except one which was taken from San Francisco to China about twenty years ago. Favored by calm seas the raft was safely landed. The Chinese, however, unused to big logs, took ten years to cut up this boom, using long, hand rip saws to make the boards.

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very considerable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

Canada's Huge Wheat Area

Prairie Provinces Have More Than Ninety Per Cent. of the Wheat Acreage.

The total area sown to wheat this season in the Dominion of Canada is estimated at 18,654,100 acres, an increase of half a million acres over the 1920 area, constituting a new record for this grain. Seven hundred and nine thousand one hundred acres of this is seeded to fall wheat, leaving 17,945,000 to be sown this spring.

The prairie provinces have more than ninety per cent. of the Dominion's wheat acreage, with 17,418,900 acres. This shows an increase of 577,000 acres over the previous year.

No need to suffer with corns, or to run the risk of paring them. Remove them surely and painlessly with Holloway's Corn Remover.

Crossing Stock With An Automobile.

If a motorist runs down a pig it is sure to be a blooded Berkshire, remarks the Boston correspondent. Every chicken slaughtered is a pedigree bird worth \$40 to \$50. A yellow barnyard cur is a wire-haired fox terrier. A calf is always of Alderney or Guernsey blood—in fact, nothing seems to improve stock like crossing it with an automobile.

Fiction is less strange than the truth because we miss it oftener.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Mrs. W. Beesley, Mille Roche, Ont., writes "I have used Baby's Own Tablets for the past eight months and would not be without them. I used them for indigestion and teething and my baby is cutting his teeth without any trouble whatever. I can highly recommend the Tablets to other mothers." What Mrs. Beesley says thousands of other mothers say. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion and making teething easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

"Equinoctial" a Myth.

That the equinoctial storm is a myth is demonstrated by an astute co-operative observer of the United States Weather Bureau, says the Scientific American. This popular belief is probably the result of teaching handed down from father to son. Old weather saws are very hard to eliminate.

Manitoba Free Press Crop Report.

The Manitoba Free Press crop report, published June 7th, states that crop conditions are, if anything, more favorable than at May 17th. "It would be difficult to think of a more generally satisfactory report of conditions spread over so wide a territory," says the Free Press.

New Camera's Great Range

Can Photograph From Height Where Airplane Is Invisible.

Scientists of the United States Bureau of Standards revealed the details of a new photographic process but recently perfected. The discovery is expected to be of tremendous military value to the air service, as well as to have incalculable scientific and commercial application. It will give to the eye of the camera power which nature has never endowed to the human eye, for it will be possible for airplanes to make photographs from heights so great that the planes themselves will be invisible from the earth, and to penetrate haze that the human eye cannot pierce.

Cook's Cotton Root Compound

A safe, reliable regulating medicine. Sold in three degrees of strength—No. 1, \$1.15; No. 2, \$1.00; No. 3, \$0.85 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly Windsor.)

Blind Men at Work

Report of St. Dunstan's Shows Soldiers and Sailors Busy.

Blind sailors and soldiers ready and willing to do their share in building the new world are to be kept busy. Sir Arthur Pearson states, in the sixth annual report of St. Dunstan's Hostel, that increasing schemes are in formation to create activities for blind sailors and soldiers. "We are still hard at it with the aftermath of the war," writes Sir Arthur. There are now 1,772 names on the books of St. Dunstan's, and more than 1,200 men are already at work.

Catarrh

Catarrh is a local disease greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier. By cleansing the blood and building up the System, HALL'S CATARRH MEDICINE restores normal conditions and allows Nature to do its work. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

The patriotic man is loyal to his country and to the community in which he lives. If he is consistent he will give first preference to Canadian made goods when making purchases. He will also stand loyally by his local dealer.

Pains About the Heart

ANY derangement of the heart's action is alarming. Frequently pains about the heart are caused by the formation of gas arising from indigestion.

Relief from this condition is obtained by the use of Dr. Chase's Kidney-Liver Pills.

Chronic indigestion results from sluggish liver action, constipation of the bowels and inactive kidneys.

Because Dr. Chase's Kidney-Liver Pills arouse these organs to activity they afford lasting relief for indigestion and overcome the many annoying symptoms.

Dr. Chase's Kidney-Liver Pills

World Happenings Briefly Told

A new wing to St. Joseph's Hospital, Sudbury, will be built, costing about \$4,000.

Colonel Robert Olds, European commissioner of the Red Cross, has announced his resignation.

At the age of 107, Henry Jones, Cumberland county's oldest citizen, and possibly the oldest Nova Scotian, died at Brookdale, N.S.

Donald Maclean, barrister, of Saskatoon, has been appointed a judge of the court of king's bench for Saskatchewan, it is officially announced.

The southward migration of the Mennonites to the United States will not take place until the fall, according to railway officials.

Fifteen job printers employed by the Herald Press, Montreal, went on strike when given work to do which came from a Toronto shop, where the men were on strike.

Mr. and Mrs. Frank Dill, who have "just stepped over" from Halifax, are the second pair of trans-Canada hikers to finish the Halifax to Vancouver journey on foot.

Two aerial police will be added to the Chicago force to regulate aerial traffic, assist in hunting bank and auto bandits, and patrol the lake front for persons and vessels in distress.

At a military track meet in San Francisco, twin brothers who look and run alike, so confused the judges that they gave them first and second place alternately in the six events they won.

Dread of Asthma makes countless thousands miserable. Night after night the attacks return and even when brief respite is given, the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and at once, while future attacks are warded off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

England has reduced her war debt to Canada by one hundred million dollars during the last year.

O. McPherson, Furniture Dealer, Undertaker, Armstrong, B. C.

Minard's Liniment Co., Ltd., Yarmouth, N. S.

Dear Sirs.—Since the start of the Baseball season we have been hindered with sore muscles, sprained ankles, etc., but just as soon as we started using Minard's Liniment our troubles ended. Every baseball player should keep a bottle of your liniment handy.

Yours truly,
W. E. McPHERSON,
Secretary Armstrong High School, Baseball Team.

Health of Animals

Provincial Veterinarian Says Condition of Stock Improving.

Dr. M. P. McClellan, provincial veterinarian for Saskatchewan, states that one of the best ways of judging how cattle came through the winter is by observing the condition of animals at the spring sales. By this test, their condition is incomparably better than a year ago. At the present time the general health of animals was never better. "The steadily increasing demand," says Dr. McClellan, "for blackleg filtrate and vaccine, which is handled by the livestock branch for the convenience of veterinarians and stockmen, amply testifies to the intelligent attitude adopted by the stockmen of the province toward preventive animal medicine."

An Oil that is Famous.—Though Canada was not the birthplace of Dr. Thomas' Electric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far afield enough to attest its excellence, for in all these countries it is on sale and in demand.

Clerk.—Do you want a room for 50 or 75 cents?

Stranger.—What's the difference between them?

Clerk.—In the 75-cent rooms we put a rat-trap.

Nature has equipped a man for happiness, but he gets strenuous occasionally and slips a cog.

Ask for Minard's and take no other

THE MISERY OF BACKACHE

Removed by Lydia E. Pinkham's Vegetable Compound.

Meaford, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for backache, and I also had a female weakness. I felt dizzy and nervous, and was without energy. I had to force myself to do my work, and was always tired. Saw a Pinkham advertisement which induced me to take the Vegetable Compound, and my back gradually stopped aching and I felt lighter in spirits. I am recommending the Vegetable Compound with pleasure to all I meet who complain as I did."—MILDRED BROOK, Meaford, Ont.

Woman's Precious Gift

The one which she should most zealously guard is her health, but she often neglects to do so in season until some ailment peculiar to her sex has fastened itself upon her. When so affected women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

He Changed the Places

A Chicago banker was dictating a letter. "Tell Mr. Williams," he said, "that I will meet him in Schenectady." "How do you spell Schenectady?" asked the stenographer. "S-c, S-c—er—er— Oh, tell him I'll meet him in Albany."

A SPLENDID TONIC FOR WEAK PEOPLE

Dr. Williams' Pink Pills Act On the Blood and Nerves.

Food is as important to the sick person as medicine, more so in many cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness the appetite is often fickle and depraved.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are a fine tonic medicine, harmless and certain in their action, which is to build up the blood and restore vitality to the run-down system. For growing girls who are thin and pale, for pale, tired women, and for old people who fail in strength, Dr. Williams' Pink Pills are an ideal tonic. Thousands have testified to the benefit derived from the use of this medicine, among them is Mrs. William Gallie, Hantsport, N.S., who says: "Before I began the use of Dr. Williams' Pink Pills I was so weak and run down that I could hardly do my own work. I often suffered from headaches and was very nervous. I then began the use of Dr. Williams' Pink Pills and I can truthfully say I have found them the best medicine I have ever taken. You may depend upon it I will advise other sufferers to take these pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

ASPIRIN

Only "Bayer" is Genuine

Warning! Take no chances with substitutes for genuine "Bayer" Tablets of Aspirin. Unless you see the name "Bayer" on package or on tablets you are not getting Aspirin at all. In every Bayer package are directions for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoacetic-acidester of Salicylic acid.

W. N. U. 1373

Fringe Invades The Realm Of Pyjamas

By Marie Belmont.

Fringe is in high favor at the present time for adorning the varied garb of lovely woman. These pyjamas inspired by the cowboy's picturesque attire, show how effective fringe really is. They are made of pale blue crepe de chine and the fringe is of blue and pink silk. The shirt is cut generously long, so that it may be bloused about the figure. A soft fold of the crepe de chine is draped around the waist-line and knotted at the side. The collar duplicates the gay handkerchief of the cowboy, and is cut from blue crepe de chine. The turnback cuffs are also made of blue crepe de chine.

Our slogan for the coming year should be, "Buy at Home." Add to your own and your neighbor's prosperity by keeping the money circulating in our own district.

Minard's Liniment used by Physicians

Innocent Tots.

Two children were standing before the Venus de Milo.

"Wonder if she was married," said one.

"Course not," said the other. "No one could ask for her hand, 'cos she didn't have any."—Boston Transcript.

MONEY ORDERS

It is always safe to send a Dominion Express Money Order. Five dollars costs three cents.

The Endurance of Your Automobile, Truck, or Tractor

Depends not only upon the time of Lubrication, but the kind of Lubrication

Whitmore's Protective Composition

Adds 500% to Gear Life. Thousands of tests have been conducted by Lubricating experts to demonstrate the relative efficiency of various lubricants. The result of these tests conducted over years, has fixed the choice of sixteen leading manufacturers. These manufacturers include:

The largest builder of fine cars in the world;
The largest builder of trucks in the world;
The largest builder of axles in the world;
The largest builder of worm gears in the world.

Many Lubricants contain acid. They not only fail to counteract friction, but are themselves harmful and corrosive to gear and bearing surfaces.

Whitmore's Compositions Contain No Acids

They are proof against heat and cannot break down or squeeze out. In the Panama Canal Emergency Dams, six million pounds rest on an unbroken film of WHITMORE'S. After an exhaustive test the U.S. Army contracted for its exclusive use.

Manufactured by—

THE WHITMORE MANUFACTURING CO., Lubricating Engineers, Cleveland, Ohio.

CANADIAN AUTOMOTIVE SALES COMPANY, Toronto, Montreal, Winnipeg, Regina, Canadian Selling Agents.

FRED ROBERTS, of Vancouver, B.C., says he knows what it is to enjoy good health for the first time in six years—Rheumatism is relieved and has gained ten pounds.

"For the first time in six years I know what it is to enjoy good health, and since it was Tanlac that got rid of my troubles and put me into such fine shape, I think it is up to me to state the facts for the benefit of others," said Fred Roberts, 1624 Georgia St., East, Vancouver, B.C.

"I suffered for years from biliousness and my appetite varied a lot. Sometimes I would hardly touch a bite and other times I would eat a hearty meal, but, as sure as fate, if I did eat anything, I had to suffer for it afterwards. I would get nauseated and bloat up with gas so bad I'd have palpitation of the heart and almost choke for breath. I had violent headaches that left me weak and lifeless and suffered with such awful pains in the back that it was agony to stoop over. I also had rheumatism in my right leg which gave me a lot of trouble and which kept me awake so much at night that I was tired most of the time."

"I've only taken four bottles of Tanlac so far, but already I have gotten wonderful results from it. I have a good appetite, can eat anything I fancy and never have a sign of biliousness or gas or pain afterwards. My food seems to do me good too, for I feel much stronger and have gained ten pounds in weight. I'm not bothered with pains in the back any more and the rheumatism has entirely disappeared. I now sleep well at night and get up feeling fine. My wife also has been taking Tanlac with wonderful results and she joins me in expressing our thanks for the great good we have gotten from it."

Tanlac is sold by leading druggists everywhere.

Canada.

A three-million-foot flow of gas
has been struck at Barnwell, near
Taber, by the Calgary Gas Com-
pany. A flow of gas was also struck
during the past week at Vauxhall,
on the farm of the Otis-Staples
Company near Medicine Hat.

Miss Ramsey of California is
visiting her brothers Thomas and
James Ramsey.

On or around Sept. 18th there
will be an expert tailor at the
Farmer's Exchange who will take
special orders for clothing. He
will have a real assortment of
Samples in all shades. If you are
wanting a suit, now is the time to
order.

Moments of Passion

Having some birds invite you
out "Snipe Hunting"

Mr Joe Worth was a Calgary
visitor over the week end.

Mrs James Ramsey and family
have returned to Carbon from
New-Westminster and are resid-
ing in the C. C. Turcotte build-
ing.

A provincial policeman by the
name of Boggs took it upon him-
self to search the rooms of the
Adlam College of Music one day
last week. It appears some joker
had told him that a Beethoven E
Flat Concerto Opus was hidden on
the premises, contrary to the Act.
Boggs is liable to get fired over
this.

Mrs Iphigenia Golightly, who
fell down the elevator shaft of the
Palliser Hotel last week, is recover-
ing nicely and will soon be hitting
it up as lively as ever.

Though Calgary is in the midst
of a great cattle region, it is almost
impossible to get a tender bit of
meat from the local butchers. The
explanation is that all the good
beef, the top steers, are reserved
for export. All the beef left unsold
in the Calgary meat markets by
Saturday night, is bought up by
the boot and shoe trade. Many a
man is walking about the streets
today in shoes manufactured from
rib steak. They are said to be more
durable than the ordinary tanned
leather.

Mr H. Gaetz and Mr White
attended the dance in Beisicher
last Friday and reported a good
time.

Who stole the sign "No Smok-
ing" from the telephone office?

Brock finds the telephone quite
handy. You wont find the evenings
so lonesome now, Eh, Brock?
